

BRITAIN NEEDS REFORM

Reform UK stands for real change, putting local people first. We fight for lower council tax, safer streets, and accountable leadership. Unlike others, we prioritise your concerns over party politics. On May 1st, vote Reform to challenge wasteful spending, support businesses, and restore common sense in local government.

1. No more 200k salaries for incompetent bosses. Stop rip-off charges from private contractors and agencies. No more politically correct, 'woke' nonsense. A Reform run council will make less money go further.

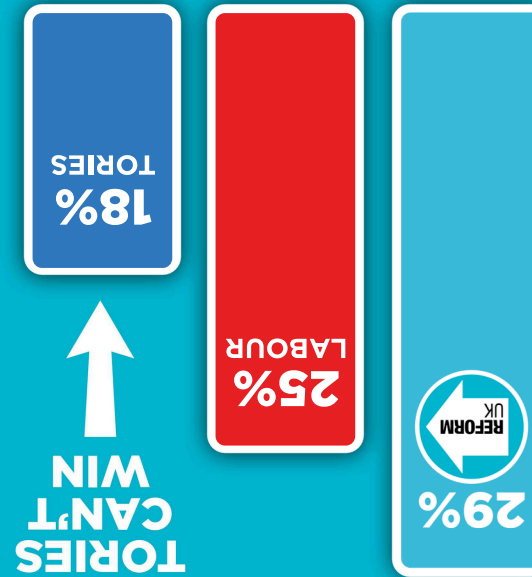

2. We will increase the number of miles covered by bus routes with the money we save from cutting waste.

3. Too often local people go to the back of the queue. We will fight against government rules and put local people at the front of the queue.

DURHAM IS BROKEN REFORM WILL FIX IT

Dear Local Resident,

Our names are Mark Leigh and Andrew Fullard and we are standing for election in Durham as your Reform UK candidates

Like you, we are frustrated with the state of our local area. Our community deserves better than the broken promises, wasted money, and poor services that we've had to endure under the same old parties.

Reform UK is here to change that. We believe in putting local people first, delivering real results, not just empty words.

Three issues we believe are important to highlight are:

- SLASH COUNCIL WASTE
- RESTORE LOCAL BUS SERVICES
- SOCIAL HOUSING FOR LOCAL PEOPLE

Durham County Council is broken, and it's clear that the same tired politicians won't fix it. Reform UK is the fresh alternative focused on common sense policies, cutting waste, and making sure your hard-earned money is spent wisely.

If you want real change in Durham County Council, vote Reform UK on 1st May. Together, we can take back control of our local area and make it work for the people, not the politicians.

We hope we can count on your support to be strong voices for our community.

Best wishes,

Mark Leigh | Andrew Fullard
