REFORM WILL FIX IT

SLASH COUNCIL WASTE

No more 200k salaries for incompetent bosses. Stop
rip-off charges from private contractors and agencies.
No more politically correct, 'woke' nonsense. A
Reform run council will make less money go further.

1.

RESTORE LOCAL BUS
SERVICES

We will increase the number of miles covered by bus
routes with the money we save from cutting waste.

2.

SOCIAL HOUSING FOR LOCAL
PEOPLE

Too often local people go to the back of the queue. We
will fight against government rules and put local people
at the front of the queue.

DURHAM IS BROKEN REFORM WILL FIX IT

Dear Local Resident,

My name is Rhys Burris, and I am standing for election in Durham as your Reform UK candidate.

Like you, I am frustrated with the state of our local area. Our community deserves better than the broken promises, wasted money, and poor services that we've had to endure under the same old parties.

Reform UK is here to change that. We believe in putting local people first, delivering real results, not just empty words.

Three issues I believe are important to highlight are:

- SLASH COUNCIL WASTE
- RESTORE LOCAL BUS SERVICES
- SOCIAL HOUSING FOR LOCAL PEOPLE

Durham County Council is broken, and it's clear that the same tired politicians won't fix it. Reform UK is the fresh alternative focused on common sense policies, cutting waste, and making sure your hard-earned money is spent wisely.

If you want real change in Durham County Council, vote Reform UK on 1st May. Together, we can take back control of our local area and make it work for the people, not the politicians.

I hope I can count on your support to be a strong voice for our community.

Best wishes,

Rhys Burris
Reform UK Candidate for Ward Name
